

# BRANNON'S LEGO BOOK

BY BRANNON

• CHAPTER 1 •  
lego crowd

The taekwondo people are just warming up and the crowd is silent. Then suddenly one of them starts hitting the bag really fast and really hard and the crowd goes wild and the rest of the taekwondo people join in the event of taekwondo.

# THE LEGO BRIDGE

This bridge is from lego land its been here for 6 lego years a year is a minute in lego world it is been famous for 3 lego years because it used to be fancy and beautiful it is now a fishing dock because the rest broke off and it is also made out of stone copper gold iron and moss but you may think moss is not a good building materiel but it just grew from old ness.

• CHAPTER 3 •

# THE POOL

The people love the pool especially on a sunny day this is the most famous pool in the world of lego land it was first made in lego year 7,450 it has been hear for 10 lego years but it has been taken care of for a long time and forever on.

the makers of the pool.

# THE LEGLESS MAZE

There are a sister and brother and there is a giant maze. When you walk in you always lose your pants and legs. Everyone comes in some come out but the rest of the people stay until they find there leggings . That's why every one calls it the legless maze. Lots of people think there is a curse on it but its made by lego slicers and trip wires but they do use some magic when your leggings teleport back on your body and no damage is done.

**THE MAKERS OF THE LEGLESS MAZE**

# THE MASK OF LEGO LAND

this is the biggest lego mask it was the flag of lego land but the they made anew one so they cut out some holes because the king that built the the flag was really tall and really wide he wanted a mask so they gave it to the king and now he loves it and never takes it off ever.
