Once upon a time there were two kids named Jan and Tate. They were playing a game of tennis. They had lots of fun. It was 10 to 20 Jan won with 20 points because he has played longer than Tate. Tate lost by 10 points. They played again. Jan won again but it was 10 to 30. On one of the its it got hit so hard it went right over the court.

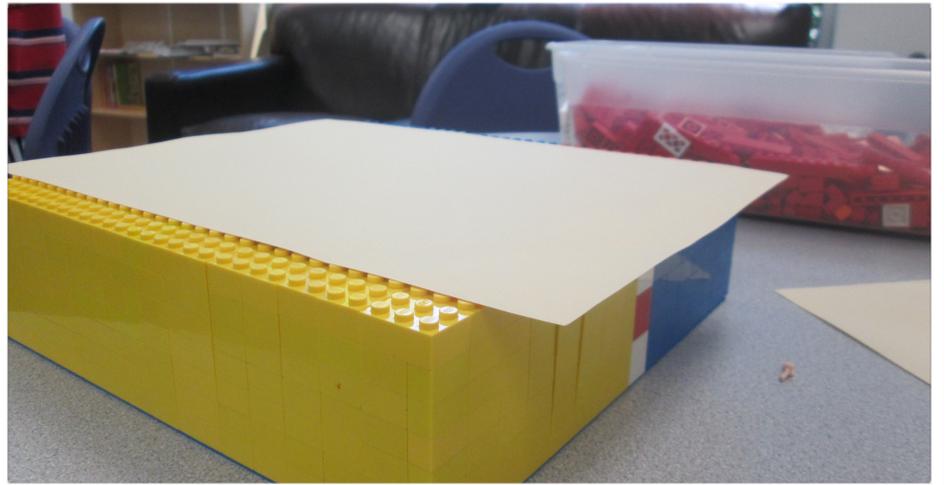

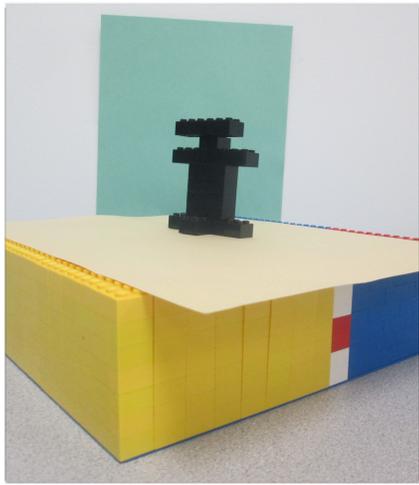

While they were playing their game, someone started to build the trap by using his eyes. Jan and Tate were very scared and confused because they did not know what is happening. There was no sound, but suddenly, the wall of a tennis court started to grow.

Everything was happening in a medium speed. Even the brick wall appeared around Tate and Jan's bodies. They tried to scream each others names but they couldn't do anything about it.
