This book is about two girls who discover wonderful magic in the woods!

Chapter 1

Here is Lauren and Julia. They are best friends. Julia has blue eyes and Lauren has hazel. Lauren likes long hair especially blonde. Julia has brown hair and likes shorter hair. On Monday, they heard there was a day off from school. Their mothers told them to go outside and play. So they went outside into the woods. Got you! Lauren had wanted to catch a lady bug her whole life. The two friends explored the lady bug. Julia thought it was dead. It is not! Exclaimed, Lauren I promise it was alive when I captured it. So they put the bug in a jar. Julia said “do not leave your bug here”. Lauren did not listen she went out of the woods with Julia. They went to Lauren’s house for dinner they had burgers.

Wow! Is it just me Julia or did that lady bug just increase in size? Yes Lauren that thing just broke the glass. Hey, that was my grandma's favorite crystal glass exclaimed Lauren. Well, should not have put the the transformer in there. Lets go and figure out WHAT IS WRONG WITH THIS THING!!

Mom ,Mom, Mom , Mom. Hold on I am on the phone. Lauren went out with Julia into the woods. Soon the parents would find out once this thing turns into a monster with razor sharp teeth. Your being dramatic Lauren said Julia. Your right there is something weird about this thing.

Wow! Said Lauren as running into the woods. Look Julia my lady bug that I captured two days ago. It turned into a car! Shouted Julia I can't understand my eyes. Lauren said Julia you want to ride it? Sure just don't tell my parents and don't tell mine. DEAL!! They shouted out together. Lauren got into the front and Julia got into the back. Weeeeeee cool the car has wings uh Lauren said Julia wheres the steering wheel. I don't know let's get off panting Lauren and Julia ran out of the woods and into Julia's house and started looking where any steering wheel AHA!! Said Julia she had found a steering wheel. Dashing off into the woods Lauren put the steering wheel on. Soon it was 10:00 at night so the friends had dinner together it was burgers again. The two friends ended the night without telling there parents what happened in the woods.
