

legos

BY CHARLES

• CHAPTER ONE.

I made two people wrestling. One of the people has the advantage and the other person has the disadvantage. The person with arms has the advantage and the person without arms has the disadvantage. It is very hard to wrestle without arms because to wrestle you grab on to the opponent and try to tackle them. The person to tackle the

• Section 1 •

opponent first wins. I made it by starting with the blue lego mat on the bottom. Then I made benches with red legos by covering two sections. After that I put red legos in the second section and put people on.

wrestling

BRIDGE

This is a bridge called fishing place located in north carolina. It is 30 miles long and wide. It will take 3 hours to walk across it or if your in a car it will only take 1 hour and a half. It has been around 9 lego years. But one lego year is only a minute.

THE POOL

I made this pool out of a kind of brick that is white. This pool is 30 lego years old. There is bricks that keep the water out, a water slide, a diving board and a life guard.

THE LEGLESS MAZE

Here is the maze! It is very complicated to get through. This maze is 1,000 lego years old. After you go in you go 3 lego miles to the right Then you go forward 4 and a half lego miles. Next you go left 10 lego miles. After that you go 7 lego miles forward, left and forward again. Finally you go right 13 lego miles.

PHONE THINGY

This is something that you put on your ear so you hear people and goes to your mouth so you can talk to them. It is kind of like a phone because you can talk to people at other places. It is 2 lego pounds, 7 lego years old, 4 lego feet long and 6 lego feet wide.
