MEET THE TEAM

i built lego paint ball capture the food. the the blue is defending and red is attacking. the guy with the bags is the supplier so is the the guy with the police hat. he holds the supplies. the guy with the carrot and stick weapon is a exploder. when he shoots the paint goes every were. the guy with the blue helmet is the normal. he is armored and strong but not fast and so

BRIDGE BUILDERS

this is a unfinished bridge. there are builders. when it is finished it will be big. when it is done it will be 13 feet wide and 35 feet long. they will put a fence down so others wont fall. the builders are trained to not fall. it cannot hold normal cars so it must hold people and hover cars. the builders are working hard so they get paid a lot. they like building and there boss Seth

• CHAPTER 3 •

MAZES

this is the MAZE OF PAIN! it isn't really painful but it does have lots of tricks. the first trick is the glue gun because if you run past the red lazier it triggers a glue gun to make you stuck! next their is a force field but it is weak. next their is a trip wire to make a BIG wall. next their is a fake wall in lego land if you watch the show you will know what to do. last thing is the

about me

i like playing video games and building legos. i'm nine years old i'm almost 10 i am now in 4'th grade i also like drawing rabbits. i like Pokemon too and i live at NC when i'm in middle school or high school i will move away i think we are going to Boston but i don't know.
