---

It was a sunny day at Electric Grande Elementary. Blare and Kara were getting ready to go home. "Hey Blare, what are you going to be doing this weekend?" Kara decided to question Blare. "I'm going to fly to New York City Time Square. My mom is going to drop me off at Lucy and Maria's house then she is going to head home." Blare answered with a lot of excitement.

The next day Blare started to get packed. "Blare we are going to leave in about 30 minutes!" Blare quickly threw her belongings into her New York city luggage. when Blare and her mom reached the airport Blares mom helped her check in. In less then a minute they called for the plane that Blare was going to go on to reach NYC. Blare kissed her mom good bye and boarded the flight. As the plane took off Blare drifted to sleep imagining what it would be like in New York.

As Blare got off her plane she saw the hustle of all the people rushing to get out of the airport. Then she spotted a WELCOME TO NYC BLARE!!!! sign the was held by Lucy and Maria. Blare ran through the horrifying crowed to go and hug her friends. When Lucy walked Blare out side she could hear the racket of

all the travelers. when blare entered Lucy's apartment room she ran straight towards the window. as soon as Blare saw the amazing view she ran straight out the door to go for a jog.

As Blare jogged she realized that she was already 85 miles away from Lucy's apartment. But she still kept on running towards Time Square. she was only 5 minutes away from the jumbo screen then suddenly a large man started to yell.... " THE THUNDER STORM IS COMING EVERYBODY RUN..." Blare didn't know what to do. she decided to escape the storm. Blare ran to a building and she started to dry off. Then she realized that there was no other shed between her and Lucy's apartment.

Blare began to run as she was running her phone started to ring. Blare had gotten a text message from Lucy. the text message read, hey b I'm at home waiting for you. we are in the middle of hurricane Ike. It wont get bad for another 2 minutes HURRY. Blare read the message and started to rush home. then an enormous lightning bolt struck Blare. Meanwhile Lucy started to get worried. She put maria in the front seat and she drove. when she found blare she was being electrocuted by the lightning bolt. When Blare fell to the ground Lucy got out of the car and she picked up Blare. Lucy placed Blare into the car and drove to the nearest hospital.

Blare was admitted into the emergency room to get treated. They tried to bring her back to life so she shocked her. Blare woke up in the hospital after a few seconds. By the time they discharged Blare the hurricane was gone. When blare got back to the apartment she ran to her bathroom. As she was staring into the mirror she saw a scar in her head. The scar was shaped like a L and a B. "Ahhhhhhhhhh" Blare started to scream and she fell to the ground in shock. As the 16 year old girl woke up she saw maria.

The next morning Blare woke up to a roar. She jumped out of her bed and rushed to the TV room, there she saw Lucy pouring her eyes out. Blare quickly ran towards Lucy and she asked, " Lucy, why are you crying, wait a minute where is Maria?!". "she was kidnapped!" "I think I know who, i'll be back in 8 hours max." Blare ran outside and as she was running she wished that she could fly. Right after that she began to fly. " I CAN FLY!!" Then she realized that she had turned into a superhero. To get more proof she wished for her superhero outfit. When she was flying over New York City she spotted Maria. But she was confused because Maria was FLYING! Blare shot out a blob of lightning over Maria. Then suddenly Maria and a peculiar figure fell to the top of the CNN news tower. Blare followed then and roughly landed on her knees. " It's you, I used to have nightmares about you. I know who you are." "Then who am I, Lightning bolt?" " You are the vampire ruler and you are trying to destroy the earth." " Not the earth i'm trying to destroy you, and it looks like today is my lucky day." " We'll see about that!" But instead of running towards Blare the vampire ran towards Maria. Blare tried to run towards Maria but more vampires flew down towards Blare. Then Blare got an idea. She fell to the ground and wished for fake vampire teeth. Then she got back up and started to laugh. All the vampires were confused. " Why are you laughing at us." " Because you guys fell for my prank. I'm a real vampire I was just trying to have fun." Then all the vampires turned around and they started to laugh and they let Maria go. Blare had a successful idea but she had to do one more thing. Blare yelled and all the vampires stopped laughing and they turned around right after they turned around. Then the brave 16 year old shot all

of the vampires with a powerful stroke of lightning. Blare grabbed Maria and she flew away. When Blare flew back to the apartment Lucy was waiting outside watching Blare. "Thanks for saving her but your mom wants you to come today." Blare ran upstairs and quickly packed. When she ran back downstairs she hugged everyone goodbye and she caught a cab to the airport. When Blare reached home she told her mom all about her powers. But what she didn't notice is that the vampire ruler was following her.

I dedicate this book to all of discovery  
tech, all of the encouraging teachers in  
school and in discovery tech. I mostly  
dedicate this book to my friends and all of  
my family. And finally last but not least  
YOU. thanks for reading and enjoying my  
story. Make sure you read my next book,  
The Vampire strikes again!
