John and Patrick decided to visit Prague to visit their friend who lived there for a very long time. Her name is Hannah and she loves to take pictures and play hockey. This was our first time going to Prague and we felt a little nervous. At the same time, going to Prague was a little exciting. Hannah would wait for us at her house

and when we got to her house we were going to take a taxi. When Hannah saw us she was very happy and screamed in excitement.

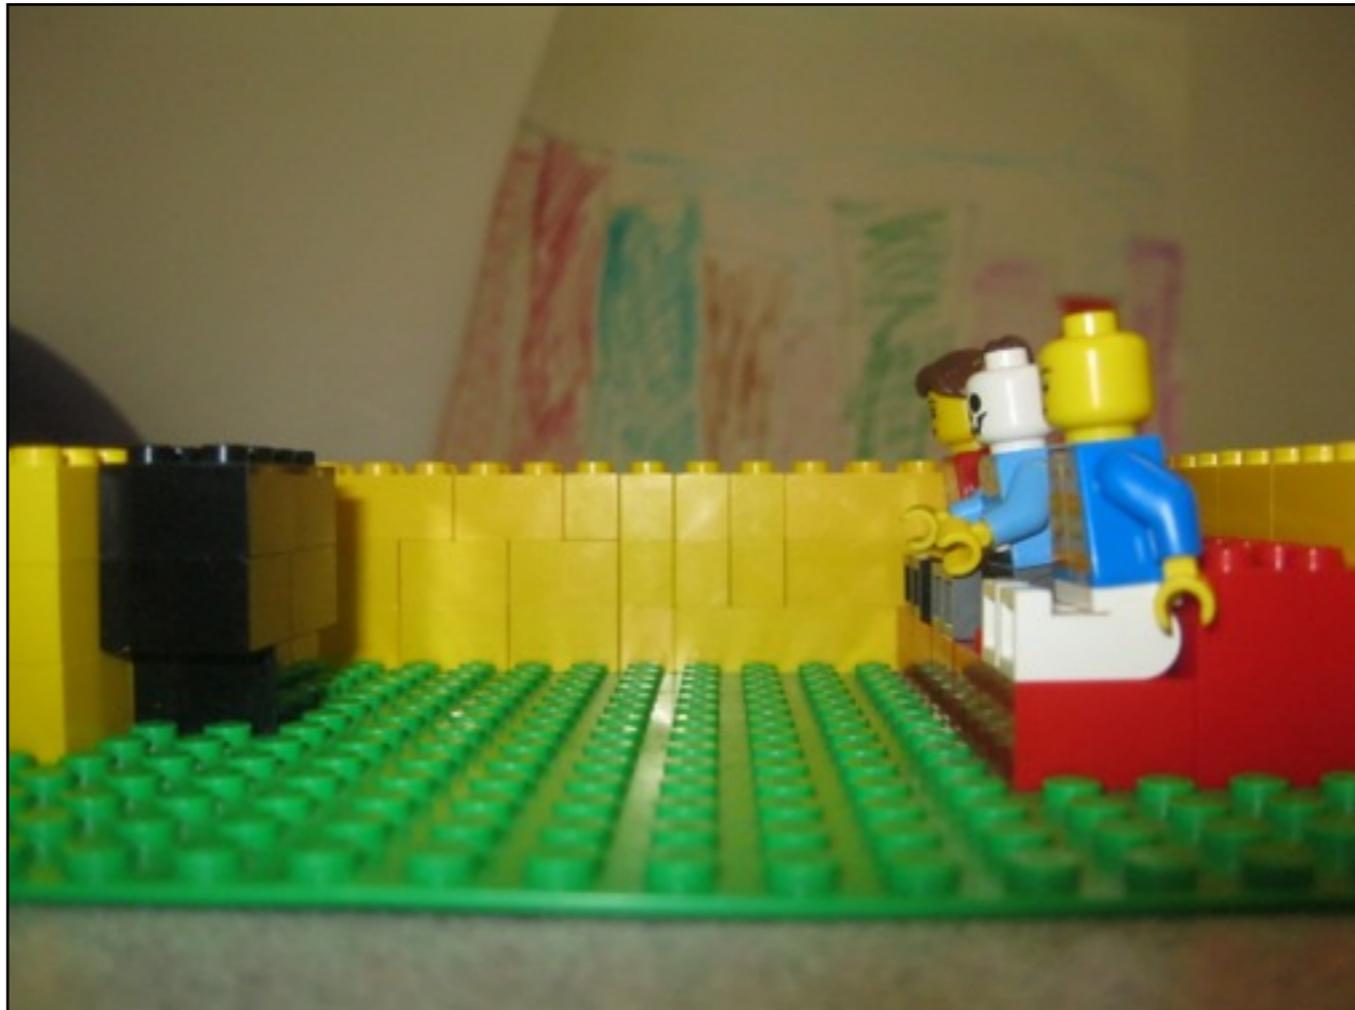

chapter 2

After they saw Hanna they went to checked into a hotel. After they put their stuff. They went to Hanna's house to have dinner. After dinner the watched a hockey game. It was the Capitals vs. the Penguins. I was 5-1. The Capitals were winning. They were going into the 3rd period. There was 3 minutes left in the game. Then the Penguins got 2 goals. There was 10 seconds left it was 5-3 Capitals. The clock was ticking down 3 2 1.....

WWWWWWWWOOOOOOOOOOOOOOO!!!!!! The Capitals won the game! We all jumped up and started dancing. Then we went to our hotel and went to sleep.

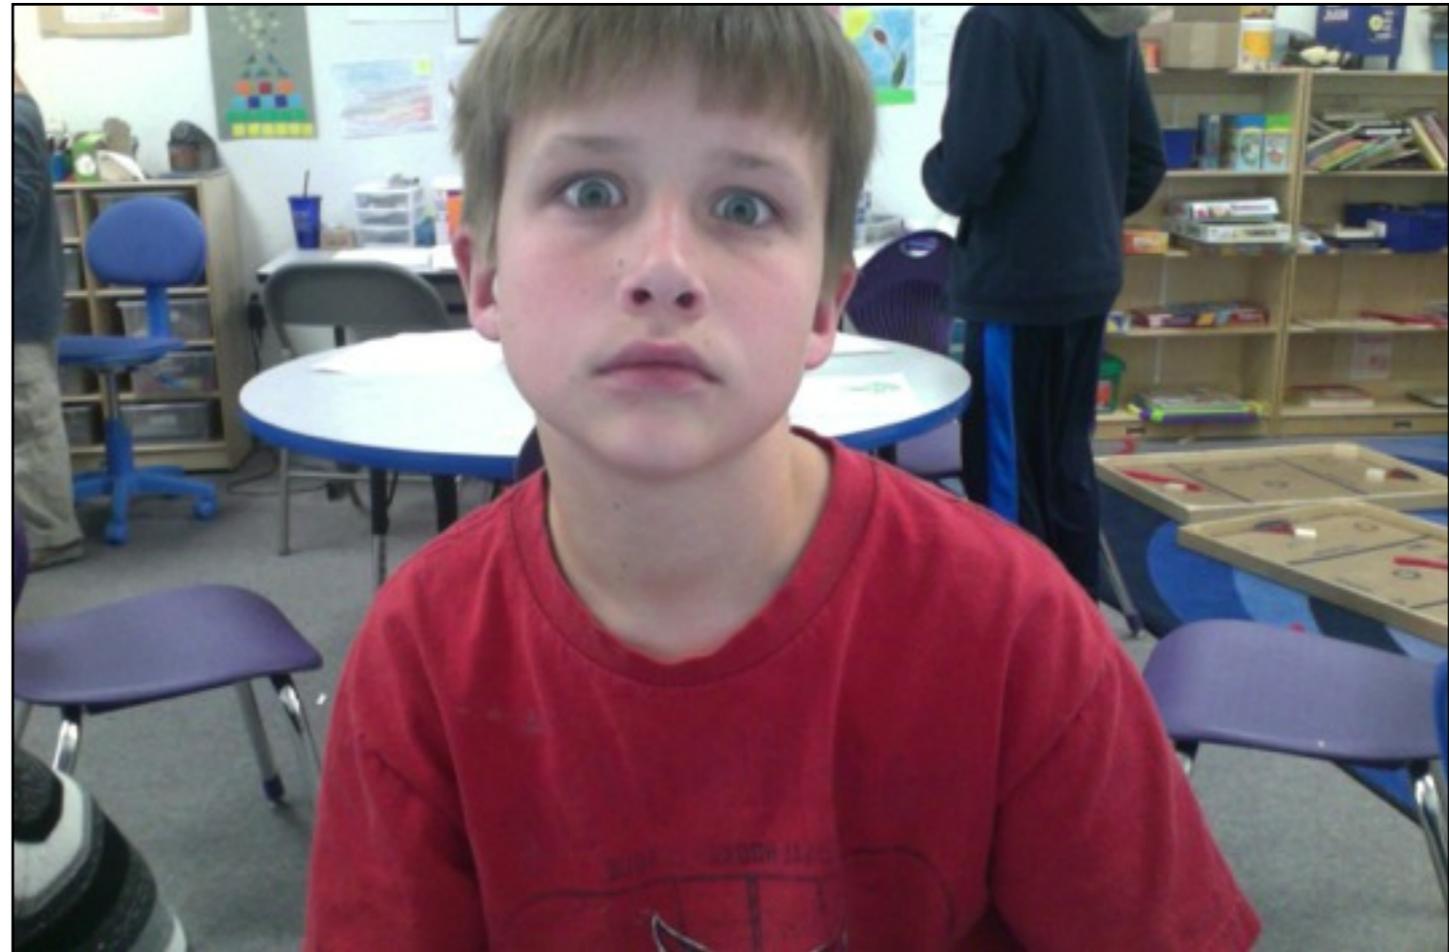

Chapter 3

The next day we went to Hanna's house to watch the Stanley cup finals. It was the Capitals verse the Colorado Avalanche in Game 7. The Capitals were down 2-4. They were all very worried and nervous. If they lost the game they would lose the series and the season would be over. They were in the second period and then Alexander Ovechkin and Mike Green scored goals to tie the game at 4-4 going into overtime. Then Brooks Laich scored the game

winning goal. We all got up and stated to party. then all of a sudden the power went out. then we stated to but we look for a flash light. But we couldn't find one. So we all just went to bed. The next day we went back to the USA.
