Chapter 1

Where Have I Gone to ?

There was girl walking through a farm field because her family owned a farm. It was the only place to walk outside. It was great, the temperature was 90 degrees. As she was walking, she saw a tornado. She was trying to run away but tornado kept on getting closer. Soon, she was sucked up by the tornado. Then girl was stuck in the tornado “Ahhhhh, what is going on?” “Where must I be going?” said the girl...

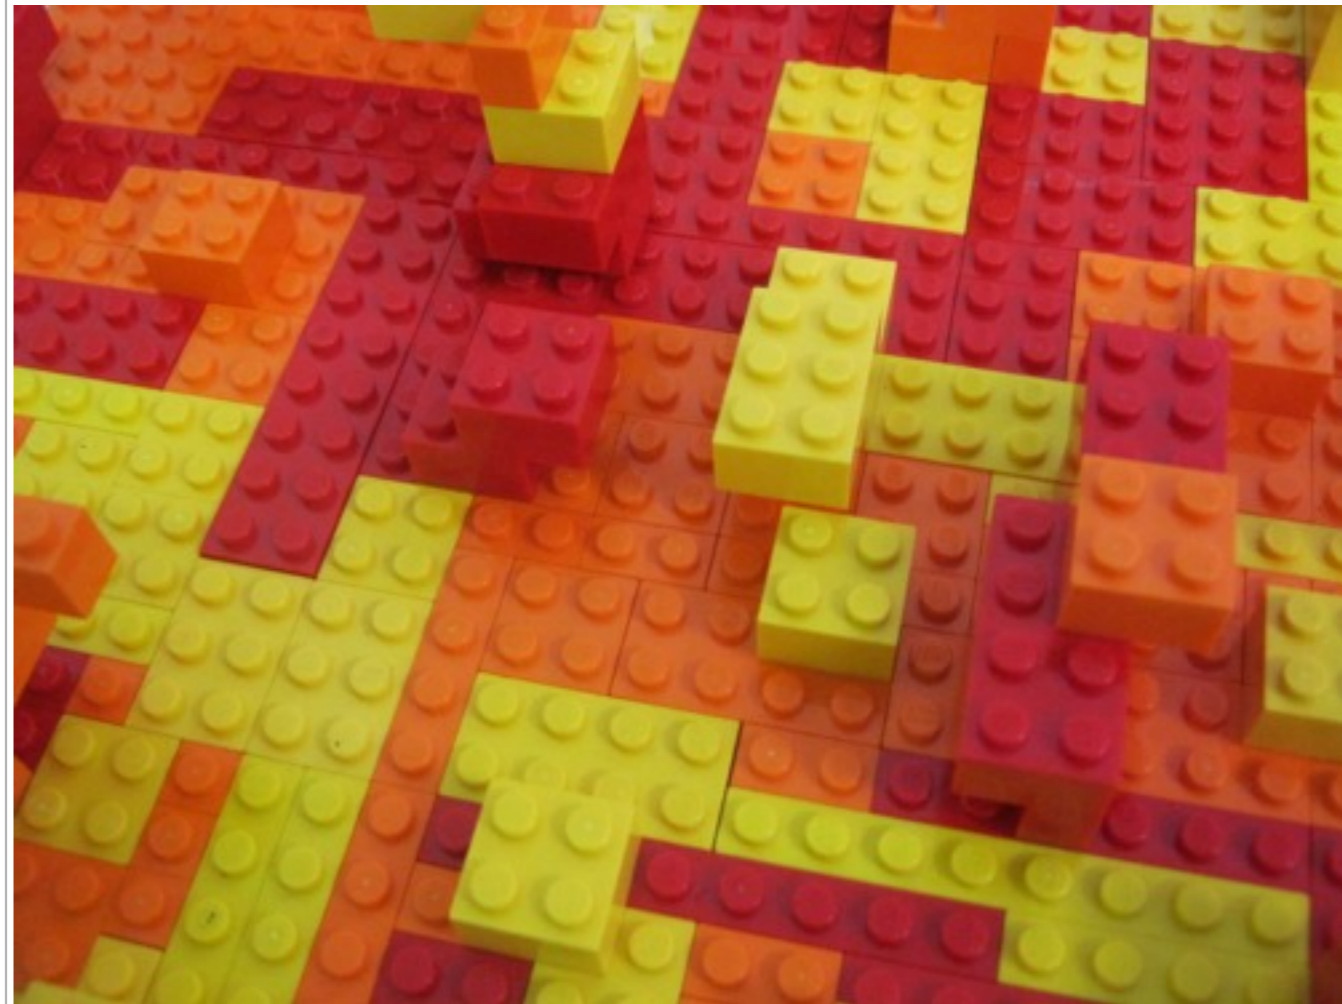

Chapter 2

What planet am I on ?

Tornado took her to somewhere that girl did not know. She started to walk around to see if there was anybody as she continued her walk she found 2 aliens. The aliens names were Wordox and Nordox. The girl asked them “Where am I?” Wordox first greeted her by saying “Greetings fellow Human” Girl asked again where she was and Nordox said “Your in Saturn”. The Girl was surprised that she didn’t even know that she turned into WhirlGirl. WhirlGirl thought they were nice

aliens, but there were actually evil aliens that were planning to take over the world with special mind control ray.

Chapter 3

What will happen next?

WhirlGirl asked if she could stay with them they let her. They went to there home that was big rock. That night Wordox and Nordox were planning to tie her up and throw her in the Black Hole. At Midnight they carried out the plan, but the 2 aliens didn't now that WhirlGirl was ease dropping on the aliens plan. So the aliens had a hard time finding her, but after 30 minutes they found her. Then they started a fight and the aliens were shooting out slime at WhirlGirl then shot out

whirls that were made of air that was powerful and then aliens and WhirlGirl and they both shot there powers. Both powers met and the whirl was stronger then the slime and both aliens were whirled to the Black Hole. As aliens were on there trip to the Black Hole Nordox turned on the machine that they were working on that was finished it was the... mind control machine that send out the signals to the entire Universe, but Whirl Girl Didn't Know that Nordox turned on the mind control machine.

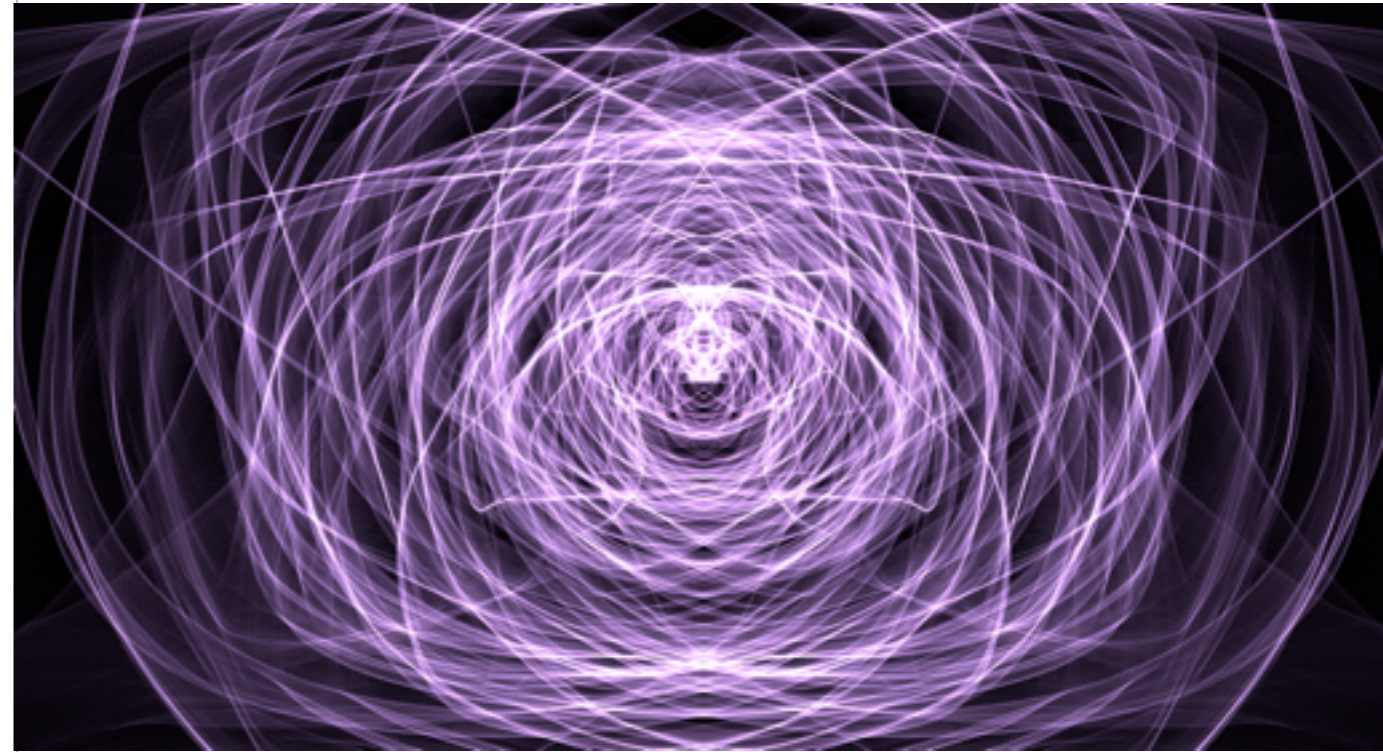

Chapter 4

What has happened

After the battle WhirlGirl fly's to Earth and when she lands back at her Farm home her family was acting weird. They were all saying the same word like “ More T.V.'s , More T.V.'s” For 2 hours they been saying that. So she went outside and everybody was saying the same thing. Then she remembered that Nordox and Wordox were making a mind control machine, so she fly's back to Saturn and found the mind control machine shot

out some whirls that broke it and threw it in the Black Hole.

The End

Praise for "WhirlGirl"

This story was outstanding with a good plot and good characters. The book had very specific details. It was really great with the setting in outer space. Utkarsh really expresses himself in this book.
