Dedication

This book is dedicated to Bob de nobbin for being a very nobbiney nobbin. I hope Bob de nobbin has a nobbiney nob nob nobbin day.

The sacrifice

One day there was a very happy Bob named Bob. Bob lived in the city Bob land in the state of Bob in the country of Bobette in the world of Bob.

The King of Bob land, (his name was Bob) requires the People of Bob land to sacrifice a Bob in his honor. If the Bob's of Bob land do not sacrifice a Bob in his honor, King Bob will press the Button.

“The button” is basically the button of “Bob land go BOOM BOOM” If no sacrifice is made, King Bob will Press the button of “Bob land go BOOM BOOM” While eating a very large and healthy meal of buttons and toenails.

This sacrifice has been going on for 75 years and hasn't stopped since. This year. Bob de Bob was chosen for sacrifice.

Bob was very sad. He didn't want to get sacrificed to King Bob. He just wanted to live a happy life while sniffing armpit hair and sucking on poop. But, Bob was worse off than others. He know something that others didn't. That King Bob actually ate all of the poor Bob's who were sacrificed. How did Bob de Bob know this? Well. One day, he was walking and eating cow bones and came across a list. This is what it said:

King Bob's very fun eating habits for the Bob's. (year 70-75)

70. Bobboobbob-Yucky

71. Bobbie de Bob bob-Very sweet.

72. Bobo-Very Chewy

73. Bob de third-Sour and bitter. Weird combination

74. Mr.Bob-Very tasty-Best Bob EVER!

75. BOBBBBBBBBB (de BOB) -WORST BOB EVER

Poor Bobs, Bob thought as he walked in the volcano.

The Volcano

When Bob de Bob went into the volcano, he saw something terrifying awaiting him. King Bob holding a knife and fork. “Good evening.” King Bob said “Before I eat you, I would like you to have some toenails and poop to suck on, the party is starting soon. “Awesome!” Bob de Bob said. King Bob went to his throne to retrieve the poop and toenails.

Bob de Bob had a very fun meal of Poop and toenails.

After it, the other 75 Bob's arrived. Bob then realized what king bob did. He didn't eat the Bob's, he threw a party for them. There also was no "Bob land go BOOM BOOM Button"!

The eating habits list was just there to scare all of the other Bob's. Bob asked if King Bob would set off fireworks. This was going to be the best party ever.

The lego party

Bob de Bob looked through the stained glass window as all of the Millions of fireworks went off at once in Bob land. All of the Bob's cheered and rushed to the volcano to eat toenails, sniff armpit hair and suck on poop THE END.

FUN WITH BOB DE BOB

About the Author

Silvertronica of Tronic labs has written this book. He is a very smart robot powered by redstone and for some reason has a very big fascination for Bob's and Nobbins. He built this for some reason.
