Gavin - Superhero

Hi my name is Invisible.
I wasn't invisible always.
I used to be an ordinary
boy who liked playing
with the equipment. I
really liked playing with
drills, saws, and metal.
I lived in South Carolina
with my mom and dad.
No siblings!

When I was 16, my
friends were Christin and
Mike. We loved to ride
BMX bikes. I was always
the fastest one, but I
never took it for granted.
U respected my friends.

I liked building stuff like airplanes.

My family always supported me.

How I become Superhero

Lorem Ipsum

This is how I became a superhero. I was normal kid, as I said.

One day while I was relaxing beside the fireplace, out of nowhere I got a spark.

When that happened, I really didn't panic, but I have to admit that I felt a little weird.

I had feeling that I was very strong for a moment. While I was walking my body was kind of sore .

When I touched the wall, imagine how surprised I was to find out that my hand was sticking through the wall.

Then, I put my leg through the wall, and it went through.

I was ready to put my whole body through it. At that moment, I forgot about everyone. I was scared, but I decided that I am going to do it.

Weird Place

Id malesuada lectus. Suspendisse potenti. Etiam felis nisl, cursus bibendum tempus nec. Aliquam at turpis tellus. Id malesuada lectus. Suspendisse est lorem ipsum potenti.

I just walked through and i did it.

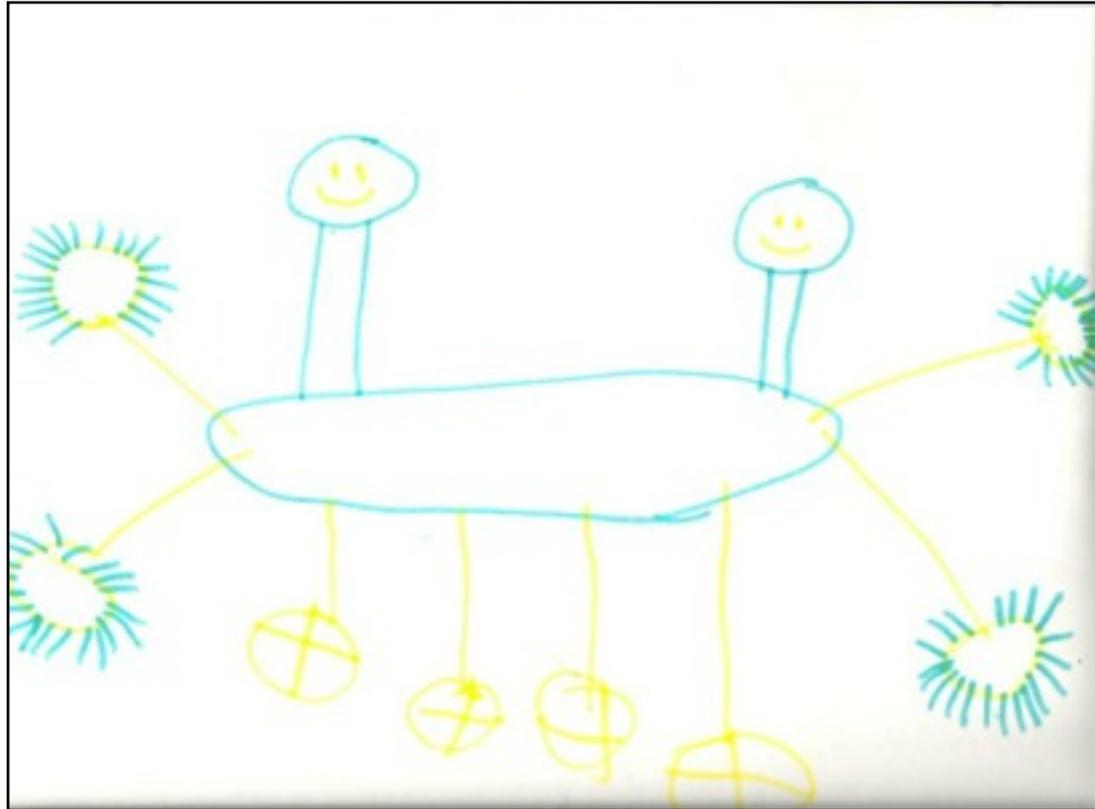

and behind me was a wall and in front of me was a another house. It looked just like an ordinary house.

For some unknown reason, I started walking towards the house. I had no idea what to expect. When I got there, I rang the door bell. since the door bell didn't work, I knocked. A very strange looking

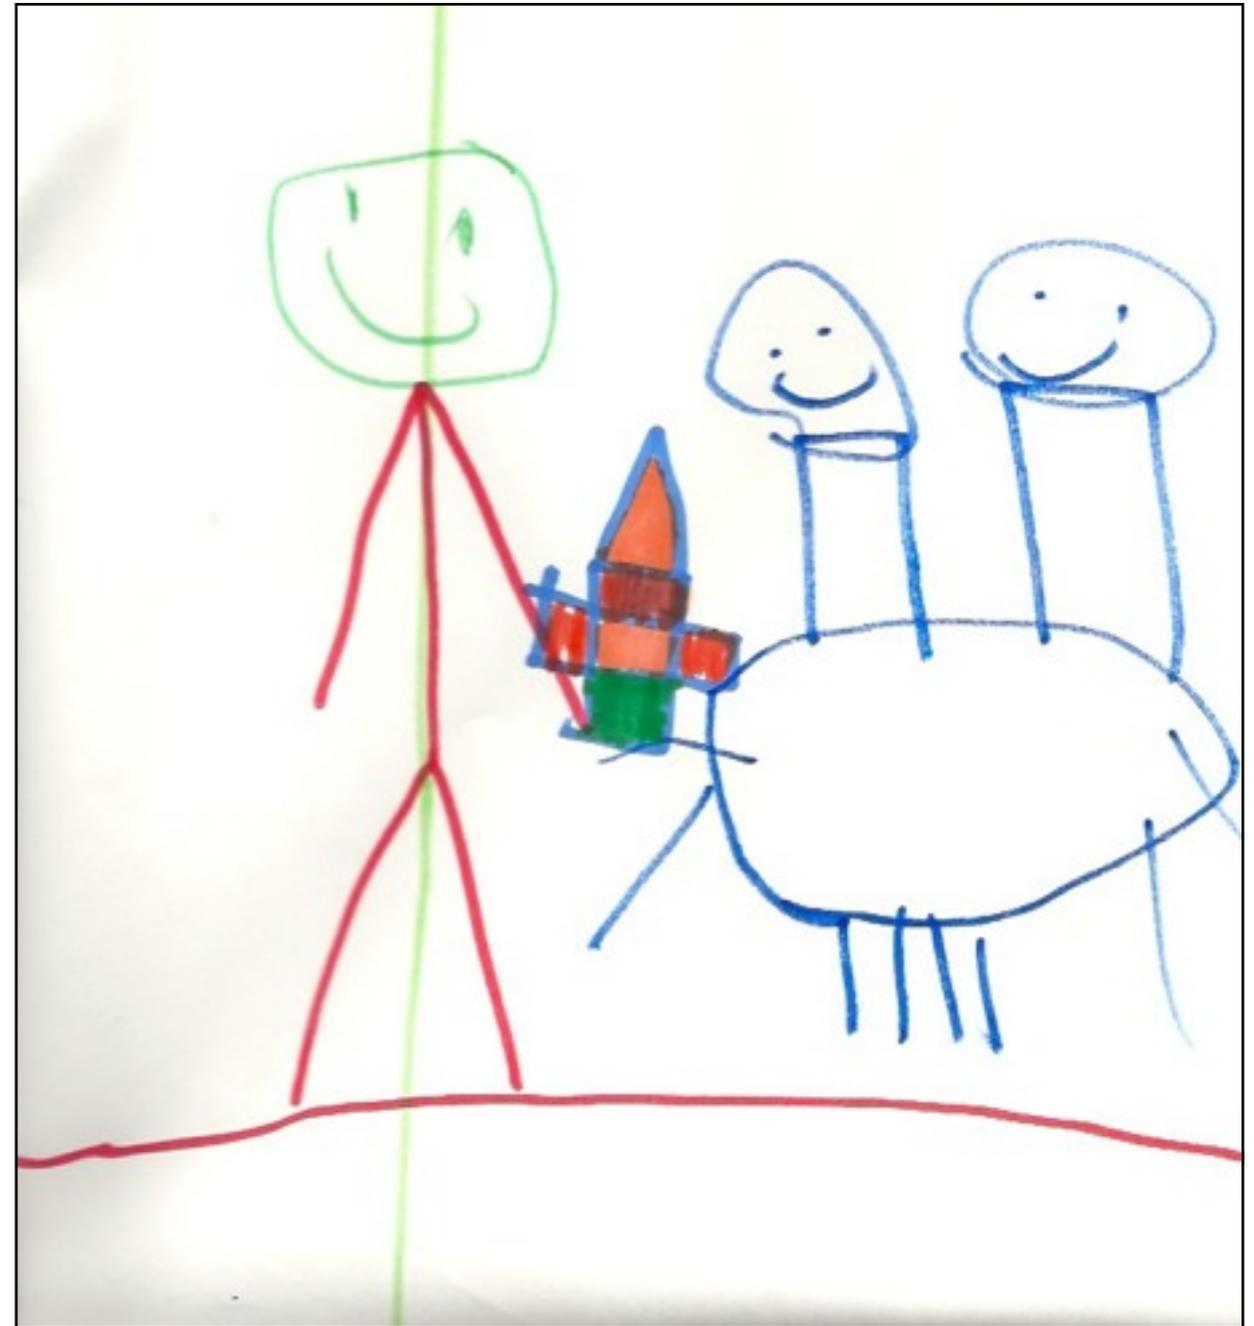

person with two heads opened a door. He also had four arms, twenty fingers on each hand.

He looked at me and said "Why do you look so weird?"

"No, you look weird to me." Everyone in this world looks just like me. I've never seen a person like you."

After meeting that strange man, I wanted to go back to my house. But I couldn't. But the weird guy followed me and I got scared. He seemed bigger and stronger than me.

Run faster

While he was following me, I ran faster and faster.

All I wanted to do was to go to my house and touch the spark from a fireplace.

The weird man was fast also. He was yelling at me saying that I am weird, not him.

For some unknown reason, I wasn't afraid at all.

I knew that I had to go through the wall. And I was not sure if the mean man can go through it.

Good, he could not go throughout the wall. But I still had to run to the fireplace. I caught a spark and I saw that I was invisible for the whole time. Now, I turned back into a normal boy and it was great.

I was ready to see my friends, Christin and Mike. It was tiring walking through the walls and being invisible.
