CHAPTER 1

Alex before he had his powers

When Alex was born he did not have his powers. He lived in a town called Laperd Street. When he was five years old, he liked to play with blocks and make a lot of towers. He used to say, that when he grows up he is going to be a construction worker.

He lived with his parents, his brother and sister, and also with his grandmother.

Alex as a child

Alex had lots of friends
his very best one name is
Aj.

His parents were very
nice to him and his
brother but not his sister.
Her name was Emily, and
she would tease her
brothers. One day Alex
bought a new toy car but
his sister broke it. She
had to pay him ten
dollars. Alex was very
happy.

When Alex was about
five he loved playing
with blocks and making
towers with them.

Even if he had many
friends, Alex was scared
meeting new people.
Alex was a very quiet

When he was by himself, he really liked
to play with Legos. He was one of very
few kids who never enjoyed video
games.

Alex was always very kind and good per-
son and people loved being around him.
He was even kind to his sister who was
not always so nice to him. That is who he
was.

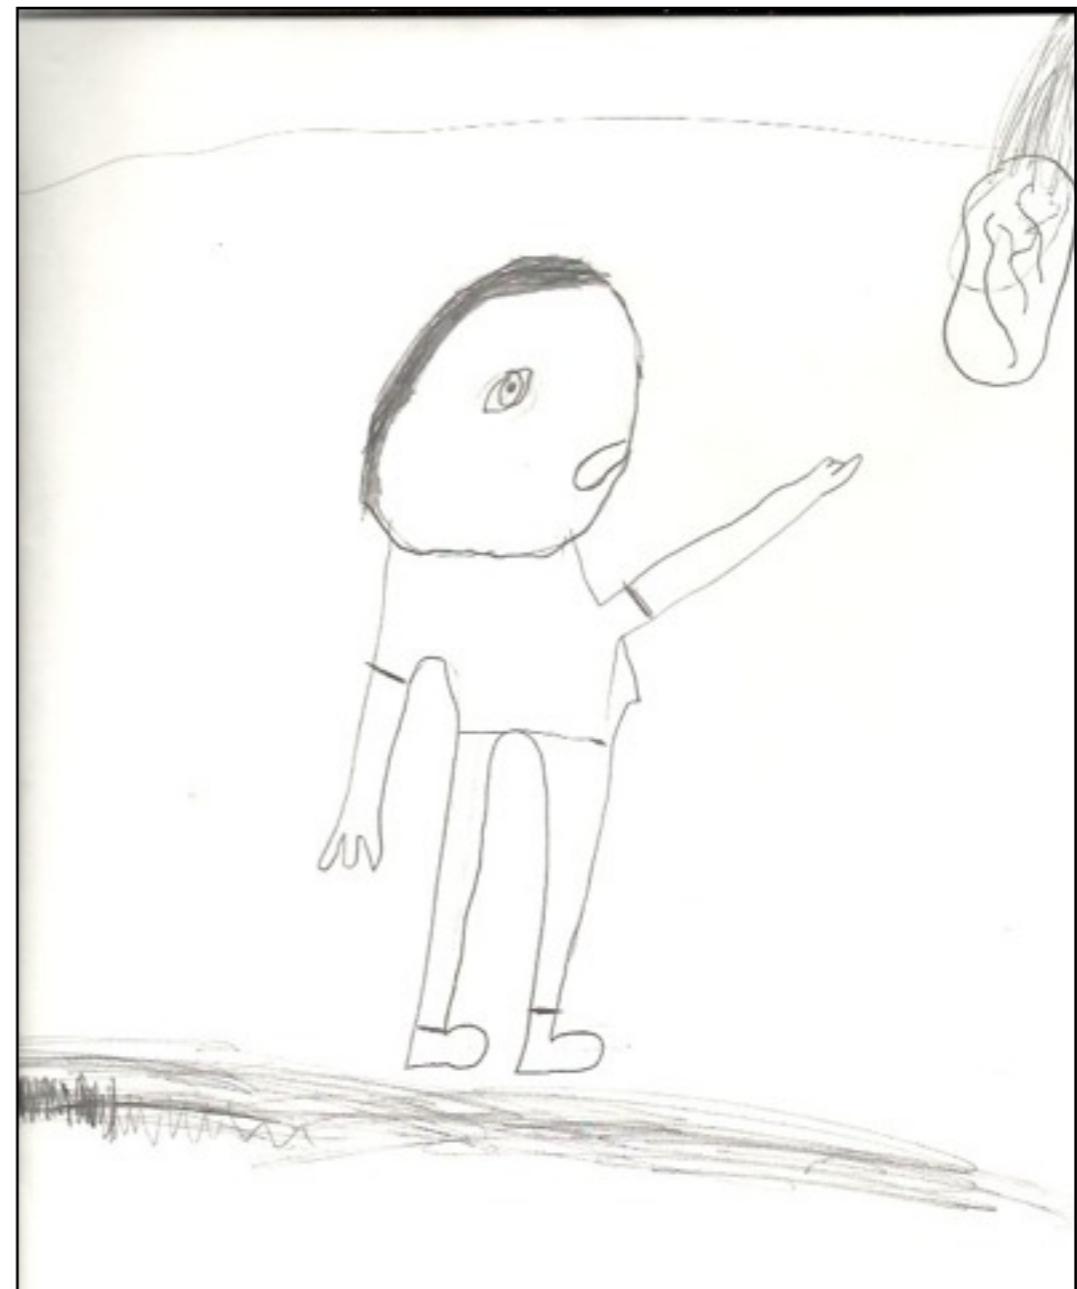

Alex did not have his powers when he was born. When he was about five an asteroid hit him. He was playing with blocks with his friend, Aj, when they heard a really loud noise. When they looked up at the sky, they saw an asteroid coming towards them. For a moment, they wanted to hide, but it didn't work, since it was so big, and flying fast towards them..

Alex was crawled up in a ball with his hands behind his head. That is when the asteroid hit him. It hit him really hard and he ran into the house. He was surprised that nobody else noticed anything around him. He did feel hurt, but in a weird way. When he looked in the mirror he was shocked nothing was there. Suddenly, his body started to stretch tall, almost 9 feet. He worried how he was going to meet his friends. He even didn't know where Aj was. "This is not real", Alex thought. But it was real.

From now on, he decided to stay in his house and not go anywhere. When his parents saw what happened, they supported him and let him stay in the house. Alex was not happy hiding from everyone.

When he was about seven noticed that he had super powers that is how he became a superhero.

THE FIRST TIME

Mega boy and the villain both had superpowers. But they both wanted to be the most powerful persons and that's how they became enemies.

Mega boy and the villains first fight was really hard because they did not know each other. So Megaboy may have thought he was fighting a superhero at first. After fighting for a long time, Megaboy discovery The Controller was a bad guy. They fought all day and the fight

ended when the moon came up. The moon is the weakness for The Controller. When Megaboy beat The Controller he felt proud of himself.
