Chapter 1

“Pant” Jacob will never find me! Found you, Caleb! Jacob said. Caleb ran he looked behind him for Jacob, he was nowhere in sight. Sense he wasn’t looking where he was running, he ran right into a potion closet. The kingdom thought he was dead. But no one would expect what was coming next.

Chapter 2

After 5 year of sucking dead souls in the graveyard he rises from the grave. He has shadow powers from the dead souls. And electric powers from the potions on the closet. Caleb was never dead just unconscious for a VERY LONG TIME. He met a old man at the graveyard who told him that Jacob became the king of the kingdom, and told him that Jacob destroyed the kingdom and many others.

Chapter 3

After many centuries of epic battles between Caleb and Jacob, it's year 2012 and Caleb is a U.S.A. Air Force general. Everyone knows about his powers! Yes :'(even Jacob. Caleb spends most of his time in an aircraft because he's hiding from Jacob, his arch-enemy.

Chapter 4

Meanwhile in New York City Jacob is signing up for the air force to see Caleb. And destroy him, for the last time, hopefully! Back in Medieval times a little of potion got on him so he is immortal, and he throws fireballs. He's also the most evil guy you will ever meet.

Chapter 5

5 Days Later

One day two airplanes were flying. One airplane was controlled by Jacob, and the other was controlled by Caleb. This is the twist! Jacob flew his plane right into Caleb's!

Chapter 6

The planes fell thousands of feet, then slammed into the ground!"BOOM"!But when the E.M.S. came no bodies were found!The government knew Caleb was immortal but not Jacob.They looked for birth records they couldn't find any. Caleb never went back to the air force, and he saw Jacob again.
