dedication

i dedicate my book to the Jepem compony founded by me

Hello i am Caleb Huppert. I like cats and my hobby is creating video games. I have 5 cats 2 hamsters a dog a guinea pig 7 fish and a fire belly toad. I live in NC and was born there. I am the founder of JEPeM. This is a good book and I recommend reading the last page first which is the recommendation page. I am 11 and i was inspired to make this book and the movie to be based off of one of my video games. Watch out for Jacob!

JEPEN is my company it designs video games and sells them. But currently it makes many things such as movies and books such as this.

chapter one

the power gaining

Two brothers were running down a hallway. Their names are Caleb and Jacob. Jacob was chasing Caleb. They are both the prince of the kingdom aero strike. I will get you Caleb! no you won't Jacob...ahhh! Caleb hit a bookcase and the potions fell on him. Then a passer by walked by. uh i think he's dead. Did you kill him! no i'm his brother why would I? to get heir to the throne. Then Jacob yelled guards! And they took the passer by to the dungeon.

So Caleb was buried and Jacob took over the kingdom. But the life energy from the souls of the dead powered him and he got out of coffin. But it had been 5 years and when he came out the kingdom that had once been there before had fallen to the ground and had plenty of scorch marks suggesting it was burned. The flag was still standing but was flaming. Caleb was buried with his bow and arrow as he is a good archer. So he shot the arrow at the fire and blew it out. He was so angry at his brother for what he had done that he started to release electricity around his wrists and his hair started glowing black. Caleb saw Jacob run by and he chased after him.

Chapter 2

the battle

Get over here Jacob! What you are alive! Yeah and i'm not happy with you. Then Caleb threw and lightning ball at him and it hit his shoulder. Ahh! that hurt but not as much as this. Jacob put on a glove and threw a fire ball at Caleb. Ahh! Your right now for my full strength! me too! Caleb threw a lightning ball and Jacob threw a fire ball both at full strength. They started an electrical fire explosion so massive it consumed many acres of land and they were both knocked unconscious. But they were both immortal and a couple of centuries later Caleb barely got up and so did Jacob. It is now modern times. Jacob ran off. Caleb tried to chase him but he tripped in a creek and jacob got away. caleb kept running and

ended up in a small city in China. It looked so unfamiliar to him but he kept going. He saw Jacob robbing a small shop. He ran out jumping threw the window. Caleb ran after him but he got away. Caleb got a job as an antique dealer because as the prince he was buried with many valuable artifacts so while he was dusting some antiques the tv had a news alert a small village in an area near layaqu where Caleb is now is under attack. Caleb grabbed his bow, some matches, closed the store and ran off. But when he got to Sawnawa there was someone in a black mask, shirt and pants was throwing purple balls of fire at the building causing them to explode. but he was whereing Jacobs glove so it must be Jacob. Caleb used a match on an arrow and shot it at Jacob and his suit caught fire. It burned off and revealed a metal suit of armor underneath except his mask was still on and the glove. Jacob threw a purple fire ball at caleb and it threw him on top of a burning building. Caleb used his shadow powers to stop the burning. Then threw a ball of lightning at Jacob. With his metal armor the lightning was more powerful. It knocked Jacob into an elder. Caleb apologized to the elder and shot a shadow ball at him and he ran off again. A man ran up to Caleb and said he robbed his weapon supply store of random tools and pieces so Caleb chased after Jacob but he was unable to follow him into

the forest because of the forest fire. So Caleb went back to the antique shop. Hahaha! with all these pieces i can make another glove that controls the wind in strong currents and even a backpack that flies. Caleb will never beat me but i will need new armor and i'll use some rubber coating. This event was 2 years after they got here so they had enough time to learn about the modern times. It is now 3 months into the future and Caleb has trained while Jacob has made more weapons and has even got a few minions with power gloves. Caleb has sold all his antiques and got a job taking care of animals and letting people adopt them. He is very rich but does not over spend what he needs.

the war

On the news it shows that a war is coming and it was started by none other than Jacob. 2 minions entered the shop and threw a fire ball at Caleb. It missed. Caleb whistled two load notes. Then a big golden retriever jumped at one of the minions and broke his glove then knocked the other one unconscious. the other minion ran away. Yeah and stay out! Thanks Flower. bark! come on lets go.

So Caleb and Flower the dog went off. They followed the burnt trail of the minion that ran off into the forest. After walking a while the two finally reached Jacobs base. It was very big. There were guards Caleb threw a ball of lightning and a shadow ball to take down the guards. He stole the keys from them and ran in the door. There were two more guards one with a fire glove and one with a wind glove. The first one opened a trap door and the second one used wind currents to shoot Caleb in the hole. Ahhhh! CRASH!!!! Caleb fell 3 stories and dented the wooden floor very bad. He fell into a jail cell. Caleb threw a lightning bolt at the bars but it didn't work. Neither did the shadow ball. BARK! Flower is claustrophobic. Caleb saw a plant on the ground in the dent he made. He used his shadow powers on it causing it to grow bigger and break threw the bars. Thanks plant. Bark! There was a guard with a fire and wind glove. But he was focused on something else. Caleb shot him with a lightning ball. Then he stole his keys unlocking the prisoners cells. They were all normal citizens. Then Caleb ran up one story and knocked out the guards with a chair. Then he went up one story again and there were 5 guards and a weaponry. Caleb threw a ball of lightning on the metal floor and jumped so did Flower. The floor electrocuted everyone on it. Caleb and Flower went in the weaponry. There were bows and arrows Caleb took those. There was also transparent paper bulletproof armor Flower took that. there were also some smoke bombs and matches Caleb took those. There was also a sonic shooter Flower took that. Caleb used the smoke bombs to distract the guards while going up the stories until he reached Jacob. Time to fight.

the fight

Your foolish to show up here Caleb. No i'm not Jacob! Then Caleb threw a ball of lightning at Jacob but it missed. Jacob put on a jet pack and pressed a button. The roof opened up. Jacob threw a purple ball of fire at Caleb but it missed and exploded. It threw Caleb and Flower back. Caleb used his shadow powers to levitate him and Flower. Caleb lit one of his arrows on fire and shot Jacob with it.

Section 1

It hit Jacobs jetpack and causes it to explode. Jacob falls into a small pond. then he throws a current of air at Caleb it throws him into a tree and the shadow powers stop working causing Caleb and Flower to fall. They fall into the base. Jacob uses his wind glove to fly up and in the base. Caleb whistles three load notes and Flower barks into the sonic shooter. Caleb covers his ears. It knocks Jacob unconscious but he wakes up immediately and throws a wind current at Caleb and Flower knocking them against the wall. Caleb whistled two loud notes and Flower jumped at Jacob. Jacob threw a purple fireball at Flower but his suit is fireproof. She tears off Jacobs air glove. Jacob threw Flower away then shot Caleb with a fireball but it was bad aim and he hit a jetpack causing it to explode and it started a chain reaction with the other jetpacks and everything on the top floors blew up. Caleb, Flower and Jacob got out before the place went down. all that was left was a hole leading to the under ground area. Jacob ran to the underground levels of the building. Caleb and Flower chased after him. Jacob ran to the armory. Then he blew Flower away with the new wind glove. Caleb whistled three loud notes and covered his ears. While Flower used the sonic shooter caleb used his shadow powers to throw balls of lightning

and shadows. The rest of the base exploded but Flower got out but no one else showed up. But before Flower got out Caleb said “don`t worry i`ll only begone a while.” There was a shadow amongst the smoke. THE END.

Praise for The Electric Shadow

This is a great first novel from Caleb. It kept me on the edge of my seat the whole time. You will not be able to put this book down.
